Spring Term

Issue 5

Friday 5th February 2010

Dear Parents

Governor's Update

As you may be aware, last night, the Governors considered the various options presented by the Local Authority for expanding the school to accommodate an additional Reception class in September 2011.

After much discussion, the Governors agreed that there was one single "stand-out" option which they will be asking the L.A. to develop further. Given the importance of the development, the Governors have asked the school's chartered surveyor for an independent review of the plan. Once the Governors have had a chance to discuss the option further, we hope to be able to publish more details and a timescale to the plan, as well as answering your many questions regarding the whole scheme.
